Leadership Report

Hello everyone

We trust you enjoyed the long weekend and spent some quality time with family and friends. It is great to see the rain continue to fall for our farmers and community and we know this will bring about some smiles. Governing Council has approved our proposed **Student Free Day for Monday 4th July** where we look forward to collaborating and continuing our improvement work as a whole staff. Teachers are currently extra busy writing academic reports which will go out at the end of term. We look forward to sharing and celebrating student growth along with next steps in learning with families. Like always, if you would like to discuss anything please contact us through the front office.

Primary

Our Primary assembly in Week 5 was an excellent way to welcome parents back onto site in a covid safe manner and proved quite timely as we celebrated Reconciliation Week. Mr Merrett's 4/5 class combined with Ms McPharlin's R/1 class hosted a truly special assembly around our cultural area fire pit. This week we are back in the Activity Hall for the Week 7 Primary assembly as we look forward to celebrating the great learning that is occurring throughout our classes.

The Primary classes have been a hive of activity and it's awesome to observe the high levels of engagement displayed by our students. From the R/1 classes strengthening their decoding skills and Tricky Word knowledge daily to the 5/6 class excursion to Ungarra to expand and build their networks, it is all happening. We have great teaching and learning happening in all classes, supported by high quality teachers, as we continue to achieve learning success for all.

Primary Class Awards

We welcome a new student Taylor Pumpa into Mr Merrett's 4/5 class, Taylor comes from Adelaide she likes to play with her friends and she has a puppy called Cobi.

- 6/7/22 Primary Assembly (TRAC Awards only)
- 8/7/22 Term 2 ends 2.05pm
- 25/7/22 Term 3 starts

COVID-19 Update

Thank you for the continued efforts to support the current Covid protocols and to everyone who has informed us of relevant cases. Please continue to monitor for symptoms and keep children home if displaying signs of illness. Currently, it seems if it isn't Covid affecting our health and wellbeing it is the nasty flu. Please continue to look after yourselves, family and friends!

Seesaw

Seesaw is an excellent tool to strengthen communication between school and home and to share exciting learning moments that occur at school. Please remember it is only one of many forms of communication and that teachers do not frequently check Seesaw during the day. Dropping students off and picking students up from the classroom door provides opportunity for quick messages or meeting times to be organised. If messages need to be given to your child/ren during the day, please communicate this through the front office. Your understanding is appreciated.

Middle School Assembly

On Friday in Week 5 MS Student Voice hosted our first MS assembly for the year. It was great to finally be able to come together to share learning and celebrate achievement. We welcomed the Year 7's to their very first MS assembly and acknowledged that they have settled into MS well. Some Year 8/9's shared their learning in Design and Technology and Home Economics by presenting their wooden chopping boards and sewn aprons. The Year 8 Art class presented their lino prints and sculptures and shared the learning they undertook in order to complete their artworks to a high standard. Student Voice also presented a report on the inspiring GRIP leadership conference that they attended in Whyalla at the beginning of the year. Mrs Partington presented certificates to students with high attendance and reminded students of the correlation we see between attendance and achievement. Miss Carmody presented the many subject awards to lots of worthy recipients. It was great to see so many award winners and students who have been achieving highly, striving to do their best and displaying our TRAC values to a high standard. As always, we look forward to our next MS assembly.

Middle School Awards

Senior Secondary News

Our Year 12 students are working hard to complete their Research Project tasks at the moment. This subject will be completed at the end of this semester and their teacher, Rhianna Carmody is providing extra opportunities for the students to achieve their best results by offering after-school focus sessions. In a new initiative for TBAS, the Year 11s will be the first group of our students to undertake this compulsory Research Project subject in Semester 2 this year. Rhianna is working with these students during morning Home Group once a week to help prepare them for the Week 10 start of this important, compulsory Stage 2 SACE subject.

Our Year 10 Geography students are looking forward to a 2-day camp in the Port Lincoln National Park next week with their teacher, Kyle Hansen. This will be a great chance for them to combine some Outdoor Ed skills with their learning of coastal landforms as they take in the great outdoors in our beautiful local park.

Three of our senior secondary students are in the process of embarking on School Based Traineeships in an educational setting. An initiative of the Department is to provide opportunities for these traineeships across their school and kindy sites state-wide. Our three students will be working with the Kindy and Rural Care, at TBAS in a primary SSO role and the third student will be working with our IT manager to keep the TBAS IT systems running smoothly. Each of these traineeships have VET Certificate III studies to undertake with the traineeship adding knowledge to the practical experiences.

There is a real buzz in all senior secondary classes currently as they move into top gear towards finishing off the semester strongly over these last few weeks.

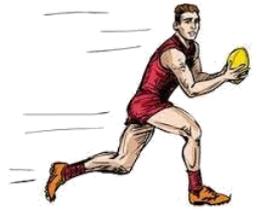

Reconciliation Week 30/5/22-3/6/22

Secondary Students Contest Football and Netball Carnivals

On Wednesday 25th May 51 students from year 7-12 travelled to Port Lincoln to compete in the Eyre Peninsula Secondary Football and Netball Carnivals which was played at Ravendale Oval and Netball Courts, in cool, windy and at times wet conditions.

The Year 7/8 Netball team were coached by Amanda Partington and had a great carnival winning 2 games and 2 draws out of 5 matches, coming third in division B. Thank you to Andy Allen who scored too. Consistent players for the team included Macy Foster, Shannay Povey, Abbie McParlin and Ruvae Curtis.

The Year 9/10 Netball team were coached by Miriam Telfer and had a mixed carnival winning 1 game from their 4 games, coming third in division B. They improved their team combinations down the court as the carnival progressed. Consistent players for the team included Sadie Curtis, Amieka Lawson and Tayla Seidel.

The Open Girls Netball team were coached by Emma Genockey and had a successful carnival winning 2 games to come second in Division B. In an exciting final, the team went down by just 3 goals, with great support from the rest of the Tumby Bay Football and Netball teams. Consistent players for the team included Mia Challenger, Mardi Masson and Maisie Curtis.

The Open Boys Football team consisted of players from Year 9-12, were coached by Shane Masson. Although they didn't win a game they were competitive in both matches.

Tumby Bay 3.2 20

Navigators 6.5 41

Best: Oz Richardson, Henry Challenger, Brody Stratford, Harvey Masson, Liam Carr.

Goals: Brody Stratford, Harvey Masson, Tyson Higgins 1.

Tumby Bay 2.2 14

Cleve 8.6 54

Best: Hudson Franks, Mardi Masson, Jesse Jackson, Alby McDonald, Ethan McLean

Goals: Henry Challenger, Liam Carr

Thank you to Robert Moyle for driving one of the buses, Sam Stasinowsky for strapping, Amanda Partington, Miriam Telfer and Emma Genockey for coaching/umpiring the Netball. It was great to see a number of parents supporting the students on the day and assisting with transport too.

Shane Masson

PE Teacher/Sports Coordinator

It was a big day in Port Lincoln for our Year 10 to Year 12 girls who competed in the Open Girls Division B netball. After losing their first two games to St Josephs and Port Lincoln High School respectively, the girls came out hard against Cleve and secured their first win of the day by 6 goals. This win was enough to lift Tumby to 3rd spot on the ladder which saw them face Port Lincoln in the semi-finals. The semi-final saw Mardi play her first game of netball for the day and she had an immediate impact. Taylah, Katie and Mia battled hard in defence generating enough turnovers for Tumby to win and book a spot against St Joseph's in the final. The final saw the girls play their best game of the day. Lydia, Caitlin, Kelli and Mardi fought hard in the midcourt and transitioned the ball from the defensive to the attacking end of the court. Asha and Paige fought hard as GS at different times and despite Maisie scoring goals from anywhere, it wasn't enough to cause the upset of the day. Tumby Bay lost to St Josephs 16 – 13 in the final. All the girls should be very proud of their efforts.

Boys Win SAPSASA AFL Carnival

In week 5, Jaiden Jefferson represented Lower EP in the Boys Division 1 SAPSASA AFL State Country Carnival and Scarlett Foster represented the Girls AFL Division 1 team, which was held at West Beach in Adelaide for 3 days.

The carnival was held in cold, wet and windy conditions which was challenging for the players, but they were able to adapt to the conditions. The teams played 3 x 30 minute games each day in a 12-a-side format.

The Girls started their carnival on fire winning their first 5 games, but then faced more experienced opposition to lose their last 4 matches, which saw the team come 4th overall.

The Boys team which was coached by Darian Treasure, had an amazing carnival, winning back to back State Carnivals. Lower EP finished the carnival undefeated, with 9 wins from their 9 matches to win Division 1. Their defence was ruthless only allowing 2 teams to score goals against them with 5 goals in total, compared to 89 goals kicked by Lower EP highlighting their dominance of the carnival.

Lower EP played as a team, linking up well by hand or foot and their willingness to shepherd the ball carrier, spurred each other throughout the carnival. Each player contributed and improved their game play as the carnival progressed.

Shane Masson

Lower EP Boys AFL Team Manager

Year 10 Volleyball Carnival

Last Thursday the Year 10 PE class travelled to Port Lincoln to compete in the Secondary Year 9/10 Volleyball Carnival at Navigators College.

The class have been participating in Volleyball all this term, and entered 3 teams, where matches were best of 3 sets to 15 points.

In Pool A, Tumby Bay 1 had 3 wins to finish 2nd, while Tumby Bay 3 had 1 win to finish 4th. In Pool B, Tumby Bay 2 had 3 wins and a narrow lost to finish 2nd in their pool.

Thanks to Coreyanne Wait who assisted with managing the teams during the carnival. It was great to see the students play a different sport and put their skills and tactics into action.

Shane Masson

Year 10 PE Teacher

Year 10 Home Economics

This term we have been focussing on food for special diets. Our particular focus has been on coeliac disease and catering for the gluten free diet as 1 in 100 people in Australia have the condition. Students designed gluten free products to display at a coeliac expo. They also produced promotional material and discussed with guest judges how they modified recipes to cater for the special food diet. Check out their amazing displays.

Year 12 Food and Hospitality

Our Year 12 food and Hospitality students most recent task involved designing and producing a gourmet food hamper for a selected theme. The girls researched ideas, designed labels, trialled products and produced a final gift hamper which was raffled off. The quality of their work was truly outstanding, highly reflective of those on the market. Congratulations to our winners Teena Norton Fahey, Miriam Telfar and Graeme Richardson.

Mia Challenger produced a Bonne Bouche breakfast including DIY pancake mix, raspberry syrup, blueberry jam, seedy bars and chocolate coffee granola

Katelyn Rynne created a Graze for Dayze hamper including rosemary bread sticks, plum and shiraz paste, gourmet seedy crackers, honey roasted nuts and choc orange and hazelnut bark.

Sophie Stoddard produced a clean eating indulgence hamper with the following products: Raw salted caramel slice, refined sugar free almond brittle, activated paleo granola, almond butter and double layer raw chocolate fudge.
