Leadership Report

Hi Families, thank you for your support of our school for Term 1, we have certainly been busy with many opportunities for our students to learn through and enjoy. Our staff continue to upskill with targeted training on our priority areas and we have seen student growth in our data already this year as a result of the committed approach by staff, students and families to the learning provided.

Thank you to the parents and students who came along to our recent interviews and heard about current success and further goals for their children, we know many meaningful conversations occurred and will continue to be worked upon. As always, please do get in touch with us at any time if you have queries about your child and their learning.

Reminder to parents and students to follow the correct sign in and out procedures via the Front Office, if students are arriving late or leaving school early. This is important to ensure that we are aware of student's movements in and out of the school.

Building Works

A reminder that our building works are continuing and that during our holiday break the next round of asbestos removal is occurring. This means that the main side of the school including the oval, library and all of the grounds on that side of the road will be closed and not able to be accessed during this time. The area will be managed by EP Asbestos with all preventative measures in place to ensure that this occurs safely.

End of Term Early Dismissal

Just a reminder that we will have an early end to the day on Friday to celebrate the finish of the term. Students will be dismissed at 2:05pm and busses will leave at 2:15pm.

From all of us at TBAS, please enjoy the holiday break, spend time with your special people and we look forward to seeing you ready for a fabulous Term 2.

Primary Assembly

R/1 MacPharlin hosted the Primary Assembly on Thursday 30th of March. This was a wonderful demonstration of some of the learning occurring in the R/1 class ranging from Dinosaur Dance to Science. This assembly also saw the presentation of our school TRAC Awards to students consistently demonstrating our school values of Trust, Respect, Achievement and Community. These students are to be commended for their achievements.

Middle School Assembly

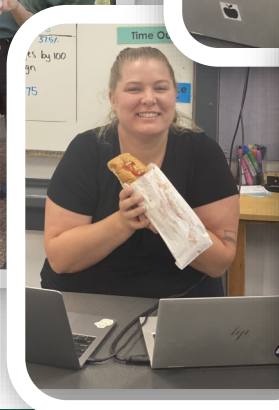

On Tuesday the year 9's hosted the Middle School Assembly. It was a fun celebration of learning. There were lots of awards presented to students for Academic Achievement and Attitude and Effort across a variety of subject areas. Students were also recognised for displaying our school TRAC values consistently. Congratulations to all MS students on a busy, but successful term of learning and congratulations to all award winners!

Student Voice Fundraising

The Middle School and Senior Secondary Student Voice have raised money by providing the school with some tasty lunches over the last few weeks. Last Thursday the hotdogs were a big hit and nearly 100 were ordered. Today's toasties were also popular. Thanks to the students and staff who supported this fundraising opportunity. So far, this year we have raised enough money for the art mural to progress next term and for all SV members to attend the GRIP leadership conference next term.

Year 10 Work Experience

This week most of our Year 10 students have been undertaking work experience as part of their PLP curriculum. This program allows students to immerse in real life experience in the workplace and is a valuable learning opportunity. We would like to thank all the wonderful businesses who hosted our students.

Design & Technology- Resin Art

During a recent D&T lesson the Year 9’s were lucky enough to have a guest presenter, Jen Parker, who demonstrated how she uses epoxy resin to make things look beautiful. She brought some of her wares and showed us how to use additives with the resin, along with the tools and techniques for best results. The Year 9s are looking forward to applying their new knowledge to make their jewellery boxes look great.

Wellbeing update R-12

Resilience Project Parent/Carer information session

Martin and The Resilience Project team will present a Parent and Carer Discovering Resilience Webinar (with other schools) on Wednesday 10th May from 6:30pm to 7:45pm AEST (75 minutes).

Martin will be delivering his flagship ‘Discovering Resilience’ presentation. Through his high-energy humour and captivating storytelling, Martin will share simple, practical tips we can use everyday to improve our wellbeing.

The ‘Discovering Resilience’ presentation helps share the same evidence-based strategies being taught in our classrooms, so they can be also practised at home and beyond. Parents and carers will also be reminded of the importance of their own wellbeing- we bring the best versions of ourselves to our family and community, when we make time to look after ourselves.

Parents and Carers will need to register for the webinar using the following <https://us02web.zoom.us/meeting/register/tZEvcOupqT4pHNFDOkmvkff-AGD6aeHMPLk7>

For more information, please contact Amanda Partington.

Parent & Community Presentation

At The Resilience Project, our mission is to teach positive mental health strategies to help people build happiness and resilience.

Some of the mental health statistics in our country are startling. Looking after our mental health doesn't have to be.

We are especially committed to delivering programs in primary and secondary schools. These settings have the greatest opportunity to instil positive wellbeing habits in our youth, and rewrite the confronting mental health statistics.

One in four adolescents will experience mental health problems this year and nearly two thirds of them will not seek help.

Alarming, **one in seven** primary school students are also likely to experience mental health problems this year.

Through engaging presentations, student curriculum, teacher resources and digital content, our School Program supports mental health not just in the classroom, but also in the family home.

During our Parent & Community Presentation, Hugh van Cuylenburg or Martin Heppell will share their experiences and combine them with practical strategies that can be implemented every day to improve our overall wellbeing.

The research is clear; the more positive emotion you experience, the more resilient you will be. For that reason we focus on three key pillars that have been proven to cultivate positive emotion; **Gratitude**, **Empathy** and **Mindfulness (GEM)**.

Key Takeaways

As parents and carers, we know you want to show up for your kids, support their mental health, and encourage them to be the best they can be. An important part of showing up for our children, however, is first showing up for ourselves.

Our Parent & Carer Presentation will help you...

- **Equip yourself with simple, practical tools** to look after your own wellbeing.
- **Be informed** of the confronting mental health statistics in our country, and **understand why prevention is the key** to changing this narrative (especially for our children).
- **Learn about GEM (Gratitude, Empathy & Mindfulness)** - the evidence-based principles your kids' are living and breathing at school to feel happier and build resilience.
- **Feel confident** in holding positive wellbeing discussions with your family.

SWIMMING CARNIVAL

Yarranyacka wins 2023

Shane Masson PE/Sports Coordinator

Yarranyacka defended their 2016-22 titles in the pool by winning their 8th straight carnival at the Tumbay Bay Area School Swimming Carnival, which was held at the Cummins Pool on Friday 3rd March in perfect sunny conditions. Yarranyacka's depth of swimmers in Sub Junior, Junior, Inter and Senior age groups, particularly in the Medley and Freestyle Relays, gave them the advantage over the Pintaboo and Meringa teams.

The novelty events once again proved to be popular amongst spectators and participants across all age groups including the peg scramble, tube races, rescue relay and surfboard paddle. Yarranyacka's consistent team effort across all the age groups enabled them to win the Novelty Shield from Meringa and Pintaboo.

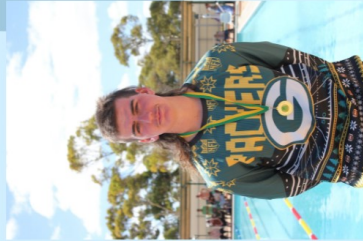

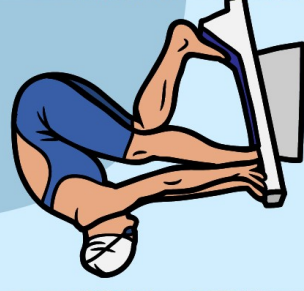

Seven records were broken on the day mostly in the Sub Junior and Junior Girls events.

Well done to the Parents who outclassed the staff and student teams in the Staff/Students/Parent 4x25m Freestyle Relay to conclude the carnival and set a new record too.

The day was successful due to :

- Staff, Parents and students arriving early to help set up the pool area
 - Rhianna Carmody as the official photographer
 - Bus drivers for transporting the students to Cummins
- Andrew Stanley as announcer kept the carnival running on schedule, along with Kyle Hanson who set up the PA system
 - Darian Treasure for marshalling the students into events
 - Bec Burford and Teena Norton-Fahey for scoring
 - All the staff and parents who assisted with events
- House captains for their positive leadership, organisation and fantastic support around the pool deck
 - The students for their participation, enthusiasm and friendly competition
- To all the parents and staff, who stayed behind after the carnival to assist in packing up equipment and cleaning up the pool area
- Renee Rogers and Cummins Pool Committee for running the canteen
- Robyne May and all the swim instructors from the Cummins Pool who developed the students water confidence and stroke technique via the Year 3-7 swim lessons prior to the carnival

Thank you to Cummins Swimming Pool for the use of their facility and providing the canteen.
Well done Yarranyacka winning 8 in a row!

SPORTS DAY

Yarranyacka Make it 9 in a Row at the 2023 Sports Day

Shane Masson PE Teacher/Sports Coordinator

Yarranyacka claimed their 9th consecutive title, by winning the 2023 Tumby Bay Area School Sports Day, which was held on Friday 25th March in perfect sunny conditions. Yarranyacka's participation in each age group, particularly in the 4x100m Relays, discus, long jump, triple jump and javelin, gave them the advantage over the much-improved Pintaboo by 619 points, with Meringa coming third with 46 more points behind.

Pacer Murphy presented the Doug Murphy Memorial Sports Day Shield, to the Yarranyacka captains on behalf of the Murphy family, in memory of the massive contribution his father, a former staff member, made towards Sports Day and other sports at school and in the community.

Alexis Southern presented the John Southern Senior Memorial Sports Day Participation Shield to the Yarranyacka captains on behalf of the Southern family, in memory of the huge contribution her husband made towards the local community. John still holds the Senior Boys record for the 400m, set back in 1971 and had a passion for sport in particular football, along with volunteering in the community. He was a strong advocate of giving everyone a fair go, no matter what their background was. Students were awarded 1 point for every event that they participated in at trials and on Sports Day, with Yarranyacka first on 864 points, Pintaboo 2nd 802 and Meringa third 781.

The Ball Game events was a welcome return after been cancelled last year due to COVID. Yarranyacka proved to be too consistent in the Spoke Relay, Circle Gap and Footy relay to finish 1st on 330 points, with Meringa 2nd on 265 points and Pintaboo 3rd on 215 points.

1 new record was broken on the day, with Thea Foster setting the bar higher in the Sub Junior Girls High Jump.
