## Leadership Report

### SIP

All that we do at TBAS is designed to get us closer to achieving our purpose of: Working with our school community to equip students with the knowledge, skills and capabilities they need to prosper and thrive in their community and future world.

This year we have redesigned our SIP and are presenting this in a different way. The front page is now seen as our SIP Summary where all of our school community can be aware of our overarching goals. We have changed our focus and are now focused on reading and writing to build further capacity to be powerful communicators. We now also add much work on how students are learning to ensure we are being purposeful with all that we do at school.

### Leadership at TBAS in 2024

This year we have changed our Leadership structure to ensure we are meeting the needs of our students and staff. We now have Tammy Stratford and Amanda Partington working in the Wellbeing roles, Sarah Southern in VET, SACE and Senior School, Prue McPharlin in a coaching role to work alongside teachers and Kelly Robinson, Julie Masters and Nicky Prosser continuing their roles in supporting our school as we move forward in our learning journey.

### Enrolments

We have had many new enrolments since the beginning of 2024 and there are now 252 students across our Foundation to Year 12 space. We welcome the new families and students to our school and look forward to having you as part of our School Community.

### Meet and Greet and AGM

Many thanks to you all and those who attended our Meet and Greet and AGM last week, it was fabulous to have so many new and existing families come along to celebrate our school and what we offer. Also wonderful to have a new, enthusiastic and vibrant Governing Council for the year.

### Student Free Day

Our Leadership team have taken on your feedback in regard to Student Free Days and wish to be more planned for families around these times. We are proposing that we have a SFD in Week 9 of term 1, 2 & 3 and one in Week 4 of Term 4. We will rotate between Mondays and Fridays so not impacting the same lessons constantly. For this purpose we are proposing the first SFD to be on Thursday (due to Easter) of Week 9 on 28<sup>th</sup> March. Governing Council have now approved this so we will move forward with our planning around the day.

### Primary News

The Year 6 class hosted our first Primary Assembly for 2024 on Wednesday Week 3. We have changed the day for Assembly from Thursday to Wednesday to accommodate classes and teacher availability. The next Primary Assembly will be held on Wednesday 6<sup>th</sup> of March in the Activity Hall. Year 6 students presented a rundown of planned events for Term 1 in a dramatical theme highlighting the upcoming sporting events such as SAPSASA and Sports Day.

This Term Primary classes, are having a focus on our TRAC Values (Trust, Respect, Achievement and Community) and their use, in everyday learning. From this learning classes are presenting our TRAC Value Awards at Assembly for Term 1.

During this Assembly the Primary Student Voice were presented with their badges and certificates. We congratulate and welcome the following students to be a part of our Primary Student Voice led by our Student Leaders Hazel Moss and Eloise Turnbull. Over this term, Student Voice will delve deeper into its purpose and what it looks like in our setting.

### GRATITUDE

Working on gratitude helps us to be thankful and appreciate what we have in our lives, rather than focusing on what we don't have or what we want. When we practise being grateful, we start to scan the world to look for positives – this only takes 21 days! Practising gratitude every day increases our levels of energy, and helps us to feel happier and more focused, determined and optimistic. It even helps us have better sleep, lowers levels of anxiety and depression and we are less likely to get sick. So many benefits – let's all try to be grateful for the things and people in our lives every day! Whole Family Activity:

### Gratitude Scavenger Hunt

- ◆ As a family create a scavenger hunt list of things that make you happy or you are grateful for, you can make your own list or use the examples below:
- ◆ Something that makes you happy
- ◆ Something you love to smell
- ◆ Something you enjoy looking at
- ◆ Something that is your favorite colour
- ◆ Something you like in nature
- ◆ Something that is useful for you
- ◆ Each member of the family uses the list and has to find as many things as they can.
- ◆ You can hunt for things inside or outside, or both. You can hunt for real things, or you can also do this using magazines or pictures from the internet.
- ◆ After a set amount of time hunting, come back together, have a look at what each person collected and let them explain why they are grateful for each item.

Family Habit Builder: Every night at dinner, have each person talk about their favorite thing about that day.

My name is Kate Cullen and I am the Autism Inclusion Teacher (AIT) at Tumby Bay Area School.

I have one day per fortnight in my AIT role to focus on strengthening our school community's inclusion of students on the autism spectrum.

The Department for Education provides an Autism Inclusion Multidisciplinary (AIM) team to support me in the AIT role. The team includes, senior advisor educators, developmental educator, psychologist, occupational therapist, speech pathologist and an Aboriginal cultural project officer. The information from the AIM team is evidence-based and informed by the autistic and autism community.

My role as an AIT is to pass on information, resources and training I receive from the AIM team to my colleagues. If you would like more information or to be a part of our family group, please contact the school.

his **100**  
books at Tumby  
Bay Library

## Tumby Bay School community library

Do you have a 0-5 year old child who hasn't started school yet?  
Then this program is for you!

# 1000 BOOKS BEFORE SCHOOL

1000 Books Before School, is a program which encourages parents and carers to read 1000 books with their children before they begin school.

Reading to preschool-aged children has been shown to *develop early literacy* by building vocabulary and language skills essential for learning to read, as well as enhancing the bond between parent, carers and children

Given that the average picture book takes just five minutes to read, spending just **20 minutes reading 4 books with your child per week**, will result in your reading 1000 books with them before school!

Register to join the program at the Tumby Bay School Community Library, where you will receive the first reading record for your child.

Throughout your journey, your child will receive special stickers after every 100 books read, plus a *surprise reward* at 100, 250, 500, 750 and 1000 books.

For more information on the benefits of reading to your child from a young age, as well as other parenting information, visit the recommended sites below:

LIBRARY.

# LEGO AFTERNOON

## TUESDAYS

3-4PM

COME ALONG AND SEE WHAT YOU  
CAN CREATE.

**OSHC** Our new OSHC year has begun with many new children being welcomed and included in play.

Learning opportunities are stimulating for students and educators as we support the wide age range of children attending from kindergarten to secondary School. We are mindful of the youngest children and offer support and encouragement so they feel comfortable to have a go thereby gaining success at OSHC. Older children are supportive as they problem solved how these young children can participate in our games, including soccer Children source their own learning, initiate their learning through play, homework, physical activity, moving equipment to facilitate this.

Hamish you are practicing with our long Skipping rope — FOUR Jumps in a row !

<h1 style="color: green; font-size: 2em;">Vacation Care</h1>	<p><b>BOOKINGS OPEN, PLEASE book early</b>  <b>Monday 15th April till Friday 26th April</b></p> <p>Do you need your OSHC booking to carry forward into every VACATION CARE, please see Laurette about this.</p>
